## ABOUT US

The Learning Hub was established with the objective of developing and facilitating learning processes designed to maximise capacity building and self-development. We have extensive experience and appreciable competence in rendering quality services to our clients. The business and work environment changes quickly.

The Learning Hub is an operating name and also the training and capacity building outfit of PAC CENTER LTD. The Learning hub has been specifically dedicated as the Training and Consultancy services of PAC CENTER LTD.

PAC CENTER LTD is accredited by the Centre for Management Development (CMD) and is duly registered with the Computer Professionals Registration Council of Nigeria (CPN).

### OUR MISSION

To deliver skills and knowledge that significantly increase our course participants' on-the-job productivity, thereby enhancing their contributions to the goals of their organisation.

### OUR VISION

To become the preferred partner to organisations and individuals by providing the most comprehensive professional and personal growth training.

### OUR VALUES

Through these values we create success:

**L**isten with empathy to problems

**E**xamine various options critically

**A**cknowledge and discuss the differences and similarities

**R**ecommend the best solution

**N**on-stop implementation and evaluation

## OUR SERVICES

We offer meticulous bespoke training programs that improve skills and drive efficient collaboration between people, products and processes. We help solve Organisational problems, develop strategies, alter weak unproductive processes and optimise the performance of your employee and organisation. Our focus areas are as follows:

- **Training and Development**
- **Performance Management**
- **Change Management**
- **Human Resources Consulting**
- **Strategy Development and Implementation**
- **Marketing and Sales Strategy Development**
- **Business Coaching**
- **Life Coaching**

Our highly informative training programs are strictly trainee centred and solution focused; we design our programs with your staff in mind. Each of our training programs has been designed to equip your staff with the necessary apparatus needed to face the numerous challenging situations they are bound to encounter while performing their day to day operations. Our training curriculum are structured to increase Knowledge, improve Skills and influence Positive Attitudinal change.

## OUR APPROACH

## OUR METHODOLOGY

Our training programs are built upon techniques and methods that have been evaluated and validated. Our approach is simple and positive effective as the delivery techniques ensure that the learning points are imbued to provide workable solutions to challenges. It is in this light that our courses are designed for on-the-job skills improvement and knowledge based value addition premised on innovation, technology and best practices.

### Instructor Led Trainings

Instructor-led trainings (ILTs) are live classes that are offered in our state-of-the-art classrooms at our training centres or at your site. Each is led by an experienced instructor who is an expert in the respective field. The courses are designed and developed to teach a specific tool or design discipline.

They contain lecture material, expert tips and tricks from the instructors.

### Online Training Portal

We understand that it's not easy to find time in your busy schedule for training. But you know you need training to effectively use the latest software features to sharpen your competitive design edge. Our Online Training library of courses helps you to get the training you need at times that are convenient for you. Online Training is delivered over the web to let you proceed at your own pace, anytime and anywhere.

### OUR TEAM

With our team of highly trained and experienced facilitators, we offer the best in training and development services by focusing on improving your performance, thus advancing your business.

# TRAINING COURSES

- Finance For Non Finance Managers
- Financial Control in Government
- Financial Planning For Executive Managers
- Forensic Accounting and Auditing
- Fraud Prevention and Detective Techniques
- Overview of Government Budgeting
- Public Finance and Accountability
- Public Procurement Procedure

## 11. HARDWARE AND SOFTWARE REPAIRS

### Computer and Laptop Repair

- MacBook Laptop Repair & Service
- iMAC Repair and Service
- MAC and Windows Installation & Upgrades
- System & Network Troubleshooting
- Print and Scanner Installation
- Installation and setup of POS System
- Repairs of Hover-board, Speakers, Gaming Consoles, UPS, Headphones etc

### Phone Repair and Service

- Apple iPhone Series Repairs
- Android Phones Repairs (Samsung, HTC, LG, Sony Xperia etc)
- Repairs and maintenance of Blackberry and Windows Phones
- Changing of screen, Flex, charging port etc for Android, iOS, Windows and Blackberry Phones
- Flashing and unlocking of Android, iOS, Windows and Blackberry Phones
- Software update and downgrade, including Application installation of Android, iOS, Windows and Blackberry Phones

## 12. HEALTH SAFETY AND MANAGEMENT

### Health, Safety and Environmental Management

- Ergonomics and Work Station Design
- Health, Safety and Environmental Auditing
- Health, Safety and Environmental Management in the work place
- Health and Safety Law
- Health and Safety Risk Assessment
- Occupational Health
- Prevention of Accidents, Ill Health and Environmental Hazards in the work place
- Using Protective equipment in the work place
- Work equipment and industrial hazards

### Work Health and Safety Compliance

- Ensuring a safe physical environment
- Managing work health safety risks
- Preventing accidents at work
- Preparing for fire and other emergencies
- What is work health and safety?

## 13. HUMAN RESOURCES MANAGEMENT

- Computerising HRM Process In an Organisation
  - Conflict Management in the Work Place
  - Developing, Motivating and Retaining Talent
  - Diversity in the Work Place
  - Emotional Intelligence
  - Employee Relations
  - Human Resources Management Software & Applications
  - Managing Employee Compensation
  - Mastering Human Resource Management (HRM)
  - Recruiting, Hiring and On-boarding Employees
  - Strategic Human Capital
  - Target Setting And Performance Management
- 

## 14. INFORMATION TECHNOLOGY

- Basic Computing Skills
  - Cloud Computing Concepts
  - Computer Hardware & Software Basics
  - Effective Typing skills
  - File Management
  - Messaging and Email Applications
  - Networks and Connectivity
  - Social Media Networks
  - Using Microsoft Word, Excel & PowerPoint
  - Using Search Engine Technology
- 

## 15. CompTIA

- CompTIA A+
- CompTIA Network+
- CompTIA Security+

**CompTIA.**

## 16. CISCO

Cisco Certified Network Associate (CCNA) Routing and Switching

- Network Fundamentals
- LAN Switching Technologies
- Routing Technologies
- WAN Technologies
- Infrastructure Services
- Infrastructure Security
- Infrastructure Management

## 17. CYBER SECURITY

- Introduction to Cyber Security
- Access Control and Software Development
- Business Continuity and Cryptography

## 18. Microsoft

### EXCEL 2013/2016

#### BASIC, INTERMEDIATE & ADVANCED

- Create and manage worksheets and workbooks
- Create cells and ranges
- Create tables
- Apply formulas and functions
- Create charts and objects
- Financial Forecasting And Modelling
- Advanced Excel Skills For Financial Accountants

### WORD 2013/2016

#### BASIC, INTERMEDIATE & ADVANCED

- Create and manage documents
- Format text, paragraphs, and sections
- Create tables and lists
- Apply references
- Insert and format objects

### POWERPOINT 2013/2016

#### BASIC, INTERMEDIATE & ADVANCED

- Create and manage presentations
- Insert and format shapes and slides
- Create slide content
- Apply transitions and animations
- Manage multiple presentations

### ACCESS 2013

- Create and manage a database
- Build tables
- Create queries
- Create forms
- Create reports

### OFFICE 365

- Enabling and Managing Office 365: Course 20347
- Planning and provisioning Office 365
- Managing Office 365 users and groups
- Configuring client connectivity to Microsoft Office 365
- Planning and configuring directory synchronization
- Planning and deploying Office 365 ProPlus
- Planning and managing Exchange
- Online recipients and permissions
- Planning and configuring Exchange Online services
- Planning and deploying Skype for Business Online
- Planning and configuring SharePoint Online
- Planning and configuring an Office 365 collaboration solution
- Planning and configuring rights management and compliance
- Monitoring and troubleshooting Microsoft Office 365

### MICROSOFT PROJECT 2013

- Understanding Project Management

- Planning the Project
- Tackling Tasks
- Managing Resources
- Project Tracking, Troubleshooting, and Closure
- Sharing Project Performance

### **MTA (MICROSOFT TECHNOLOGY ASSOCIATE)**

Windows Server Administration Fundamentals: Course 40365a

- Server Overview
- Managing Windows Server 2008 R2
- Managing Storage
- Monitoring and Troubleshooting Servers
- Essential Services
- File and Print Services
- Popular Windows Network Services and Applications

Networking Fundamentals: Course 40366a

- Understanding Local Area Networking
- Defining Networks with the OSI Model
- Understanding Wired and Wireless Networks
- Understanding Internet Protocol
- Implementing TCP/IP in the Command Line
- Working with Networking Services
- Understanding Wide Area Networks

Security Fundamentals: Course 40367a

- Understanding Security Layers
- Authentication, Authorization, and Accounting.
- Understanding Security Policies
- Understanding Network Security

### **MCSA (MICROSOFT CERTIFIED SOLUTIONS ASSOCIATE) 2012**

Installing and Configuring Windows Server® 2012: Course 20410D

- Deploying and Managing Windows Server 2012
- Introduction to Active Directory Domain Services
- Managing Active Directory Domain Services & Objects
- Automating Active Directory Domain
- Services Administration
- Implementing Ipv4
- Implementing Dynamic Host Configuration Protocol
- Implementing DNS
- Implementing Ipv6
- Implementing Local Storage
- Implementing File and Print Services
- Managing Windows Server 2008 R2

Administering Windows Server® 2012: Course 20411D

- Configuring and Troubleshooting Domain Name System
- Maintaining Active Directory Domain Services
- Managing User and Service Accounts
- Implementing a Group Policy Infrastructure
- Managing User Desktops with Group Policy
- Installing, Configuring, and Troubleshooting the Network Policy Server Role
- Implementing Network Access Protection
- Implementing Remote Access

- Optimising File Services
- Optimising File Services
- Deploying and Maintaining Server Images
- Implementing Update Management
- Monitoring Windows Server 2012

Configuring Advanced Windows Server® 2012 Services: Course 20412D

- Implementing Advanced Network Services
- Implementing Advanced File Services
- Implementing Dynamic Access Control
- Implementing Distributed Active Directory Domain Services Deployments
- Implementing Active Directory Domain Services Sites and Replication
- Implementing AD CS
- Implementing Active Directory Rights Management Services
- Implementing Network Load Balancing
- Implementing Failover Clustering
- Implementing Business Continuity and Disaster Recovery

**MCSA (MICROSOFT CERTIFIED SOLUTIONS ASSOCIATE) 2016**

- Installation, Storage, and Compute with Windows Server 2016: Course 20740B
- Networking with Windows Server 2016: Course 20741B
- Identity with Windows Server 2016: Course 20742B

## **MCSE (MICROSOFT CERTIFIED SOLUTIONS EXPERT)**

- Designing and Implementing a Server Infrastructure: Course 20413C
- Implementing an Advanced Server Infrastructure: Course 20414C

## **MICROSOFT EXCHANGE SERVER 2013**

- Core Solutions of Microsoft Exchange Server 2013: Course 20341B
- Advanced Solutions of Microsoft Exchange Server 2013: Course 20342B

## **MICROSOFT EXCHANGE SERVER 2010**

- Configuring, Managing and Troubleshooting Microsoft Exchange Server 2010 Service Pack 2: Course 10135B
- Updating Your Skills from Microsoft Exchange Server 2003 or Exchange Server 2007 to Exchange Server 2010 SP1: Course 10165B
- Designing and Deploying Messaging Solutions with Microsoft Exchange Server 2010 Service Pack 2: Course 10233B
- Planning, Deploying, and Managing Microsoft Exchange Server 2010 Unified Messaging: Course 10508B

## **MICROSOFT SHAREPOINT SERVER 2013**

- Programming in HTML5 with JavaScript and CSS3: Course 20480B
- Developing ASP.NET MVC 4 Web Applications: Course 20486B
- Developing Microsoft SharePoint Server 2013 Core Solutions: Course 20488B

- Developing Microsoft SharePoint Server 2013 Advanced Solutions: Course 20489B

## MICROSOFT SERVER VIRTUALISATION

- Server Virtualisation with Windows Server Hyper-V and System Centre: Course 20409
- Evaluating the Environment for Virtualisation Installing and Configuring the Hyper-V Role
- Creating and Managing Virtual Hard Disks, Virtual Machines, and Checkpoints
- Creating and Configuring Virtual Machine Networks
- Virtual Machine Movement and Hyper-V Replica
- Implementing Failover Clustering with Hyper-V
- Installing and Configuring System Center 2012 R2 Virtual Machine Manager

## MICROSOFT PRIVATE CLOUD

- Monitoring and Operating a Private Cloud: Course 20246
- Configuring and Deploying a Private Cloud: Course 20247

## MICROSOFT VISUAL STUDIO

- Windows Store APPS Using HTML5
- Programming in HTML5 with JavaScript and CSS3: Course 20480
- Essentials of Developing Windows Store Apps Using HTML5 and JavaScript: Course 20481
- Advanced Windows Store App Development Using HTML5 and JavaScript: Course 20482

## MICROSOFT SQL SERVER

### MCSA SQL 2016 Database Development

- Querying Data with Transact-SQL: Course 20761
- Developing SQL Databases: Course 20762

### MCSA SQL 2016 ADMINISTRATION

- Administering a SQL Database Infrastructure: Course 20764
- Provisioning SQL Databases: Course 20765

### MCSA SQL 2016 BUSINESS INTELLIGENCE DEVELOPMENT

- Implementing a SQL Data Warehouse: Course 20767
- Developing SQL Data Models: Course 20768

### MCSA SQL SERVER 2014

- Querying Microsoft SQL Server: Course 20461
- Administering Microsoft SQL Server Databases: Course 20462
- Implementing a Data Warehouse with Microsoft SQL Server: Course 20463

### MICROSOFT CERTIFIED DEVELOPER (MCSD) MICROSOFT AZURE

- Developing Microsoft Azure Solutions: Course 20532
- Implementing Microsoft Azure Infrastructure Solutions: Course 20533
- Architecting Microsoft Azure Solutions: Course 40442

## 19. ORACLE

Oracle Database 11g: SQL Fundamentals 1 &2

Oracle Database 11g: Administration I

- Exploring the Oracle Database Architecture
- Preparing the Database Environment
- Creating an Oracle Database
- Intelligent Infrastructure Enhancements
- Backup and Recovery Concepts
- Performing Database Recovery
- Moving Data

Oracle Database 11g: Administration II

---

## 20. PROGRAMMING COURSES

- Basics of PHP
  - MySQL
  - Java Programming
  - Java Fundamentals for Android Development
  - Android Application Development
  - Android Security essentials
- 

## 21. INFORMATION TECHNOLOGY INFRASTRUCTURE LIBRARY (ITIL) 2011 EDITION

- ITIL Foundation 2011 Edition

### ITIL Intermediate Lifecycle Stream

- ITIL® Intermediate Continual Service Improvement 2011 Edition
- ITIL® Intermediate Service Strategy 2011 Edition
- ITIL® Intermediate Service Operation 2011 Edition
- ITIL® Intermediate Service Design 2011 Edition
- ITIL® Intermediate Service Transition 2011 Edition

### ITIL Intermediate Capability Stream

- ITIL Intermediate Operational Support & Analysis Training
- ITIL® Intermediate Service Offerings and Agreements 2011 Edition
- ITIL® Intermediate Planning, Protection & Optimisation 2011 Edition
- ITIL® Intermediate Release, Control & Validation 2011 Edition

## 22. LEADERSHIP AND MANAGEMENT

- Change Management
- Corporate Social Responsibility
- Creativity and Innovation
- Designing the Organisation: From Strategy to Organisational Structure
- Effective Problem Solving and Decision Making
- Executive Development Bootcamp
- High Performance Collaboration: Leader, Teamwork and Negotiations
- High Performance Leadership
- How to Deal with Difficult People
- Influencing People
- Introduction to Public Speaking
- Leadership and Management Development
- Leadership Communication
- Leadership Essentials
- Leadership Skills for Non-Supervisors
- Leadership Training For Women
- Managing the Organisation: From Organisational Design to Execution
- Negotiation Skills Training for Women
- Negotiation Training | Effective Negotiation Skills Workshop
- Strategic Leadership
- Strategic Planning and Management
- Conflict Training
- Team Building

## 23. MARKETING

- Advertising
  - Customer Analytics
  - Introduction to Marketing
  - Market Research
  - Marketing Models
  - Marketing Strategy
  - Media Planning
  - Sales Trends and Analysis
  - Social Media and Digital Marketing
  - The Power of Markets I: The Basics of Supply and Demand and Consumer Behaviour
- 

## 24. MODERN BUSINESS MANAGEMENT

- Module 1: Accounting
  - Module 2: Finance
  - Module 3: Strategy
  - Module 4: Marketing
  - Module 5: Management
  - Modern Business Management (Integrated Modules 1-5)
- 

## 25. MOTIVATIONAL AND SELF -DEVELOPMENT

- Acquiring the skills of confidence
  - Communication for Business success
  - Emotional Intelligence in the work place
  - Find the balance (Work-Life balance)
  - How to use critical thinking in problem solving and decision making
  - Mastering Presentation skills
  - Mental diet (mental transformation)
  - Winning Mentality
- 

## 26. PERFORMANCE MANAGEMENT

### Performance Management Framework

- Strategy
- Metrics
- Actions

### Performance Management Skills

- Understanding Performance Management
- Performance Planning meeting
- Appraising Employee's performance
- Balance Score Card
- Legal Appraisal
- Performance improvements

## 27. PHOTOGRAPHY

- Basic Photography: A Guide to Using Point-and-Shoot Cameras
  - Camera Control
  - Cameras, Exposure and Photography
  - Nature and Landscape Photography
  - Photography Basics: From Smartphone to DSLR
  - Photography Techniques: Light, Content, And Sharing
  - Photoshop For Photographers
- 

## 28. PROJECT MANAGEMENT PROFESSIONAL (PMP)

- Professional Project management
  - Project Initiation and Planning
  - Project Schedules
  - Cost Estimates and Budgets
  - Project Quality, Staffing, and Communications
  - Project Risks
  - Project Procurement
  - Manage project procurement
  - Project Execution
  - Project Monitoring and Control
- 

## 29. RISK MANAGEMENT

- Introduction to Credit Risk Management
- Introduction to Risk Management
- Stress Testing and Risk Regulation 1 and 2
- Risk Management Tools and Practices
- Banking and Financial Markets: A Risk Management Perspective
- Financial Decision Rules for Project Evaluation
- Project Risk Assessment
- Financial Markets and Institutions
- Corporate Financial Policy
- Advanced Credit Risk Management

### Principles of Risk

- Fundamentals of Risk Management (FoRM)
- Risk Essentials Masterclass

### Action, Monitoring And Review

- Risk Reporting
- Risk and Resilience
- Choosing and Using Key Risk Indicators

### Risk Assessment

- Effective Risk Registers And Assessment
- Running Effective Risk Workshops
- Root Cause Analysis Awareness
- Root Cause Analysis Level 1
- Root Cause Analysis Level 2

### Communication And Consultation

- Risk in the Boardroom
- Managing Reputation Risk
- Improving Decision Making and Expert Judgement

## 30. SALES

- Account Development
- Calling all Callers: Tools and Techniques for Better Phone Sales
- Coaching Salespeople
- Commitment Strategies
- Establish Return on Investment
- Finding Gold: Prospects for Sales Leads
- Foundation for Consultative Selling
- Generate Interest Through Informed Discovery
- Hiring Salespeople
- Master the Selling Process

## TECHXPLORERS, STEM CLUBS FOR KIDS AND TEENS

TechXplorers is a technology education provider that inspires and empowers kids and teens with digital literacy and computational skills. We're delighted to offer unique and value-added clubs and workshop to students.

Our goal is to empower the next generation to be at the forefront of creating technology of the future and not just passive consumers of it. Our STEM based curriculum works as an extension to your existing ICT curriculum and includes the latest from coding, robotics, electronics, game design, app design and much more. We believe that computer science opens more doors for students than any other discipline in today's world. Learning even the basics will help students in virtually any career - from Architecture to Zoology.

### COURSES OVERVIEW

Coding

Robotics

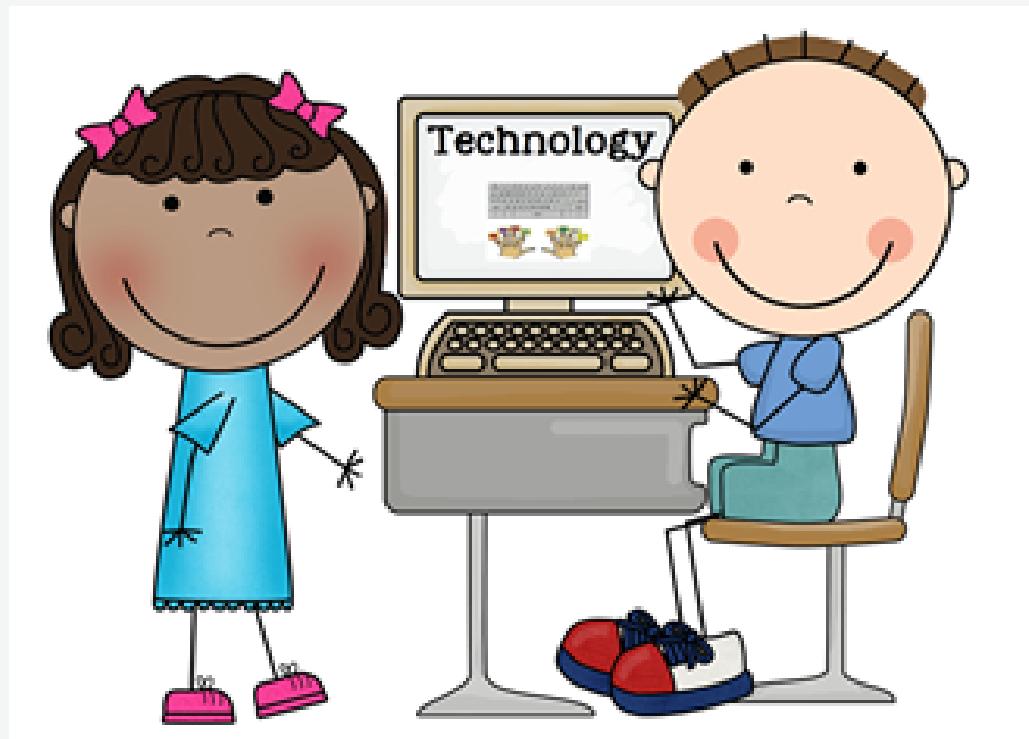

Game Design

Application Design

Electronics

Animation

Digital Arts among others

## OUR TRAINING VENUE

At The Learning Hub we pride ourselves in having modern and fully equipped up to date training and conferencing facilities which includes:

- Fully furnished state of the art training and conferencing facilities comprising of Computers, state of the art learning aids, High Definition Projector with dual display, efficient public address systems and properly air-conditioned training rooms.
- Our facility is located within the business area of the FCT making it easily accessible from any part of town.
